

## SP's Message

It is my privilege to re-launch the official website of the West Garo Hills District Police, which had remained dormant for the past few years due to certain technical issues. With the sincere efforts of our officers and the valuable support of the National Informatics Centre (NIC), West Garo Hills, Tura this platform has once again been made functional to bring the West Garo Hills District Police closer to the people we serve.

West Garo Hills is a dynamic district with a diverse population and a rich cultural heritage. As our communities continue to grow, so does our responsibility in ensuring peace, safety and harmony in the district.

Crime in the district has remained largely under control, and this has been possible due to the strong partnership between the District Police and the public. It is this trust and cooperation that strengthens our resolve to serve the mass better.

The West Garo Hills District Police is committed to transparency, professionalism, and community-oriented policing. Our officers and personnel are dedicated, well-trained, and always ready to respond to the needs of the people. We aim to adopt new technologies, strengthen public awareness campaigns, and actively engage with citizen committees and local organizations to improve our service delivery.

Special focus has also been laid on the safety of women and children, with dedicated **Women Help Desks** and **Special Juvenile Police Unit** across all Police Stations in the district working round the clock.

Further, we are also committed in our fight against the drug menace in the district and beyond; the team of ANTF of West Garo Hills District Police is tirelessly

working in this aspect. Regular outreach programmes in schools, colleges, and localities are conducted to spread awareness against drugs, cyber crimes, and other social issues under various community policing initiatives at the administrative and PSs, OPs and BHs level.

To the youth of our district, I appeal – *“Stay away from the path of drugs and crime. Your future is bright, and we are here to guide and support you in every possible way. Let us all make our district safer, stronger and peaceful together”*.

I would also like to place on record my appreciation to the DIO, NIC, Tura in particular and the whole team of the National Informatics Centre (NIC), Meghalaya in general for their technical support, and to the Police Headquarters, Meghalaya, for their encouragement and guidance in launching this website. Special thanks to all officers and personnel of the West Garo Hills D.E.F. for their efforts in making this platform a reality.

We welcome your feedback and suggestions to help us improve further.

Thank you, Mitella / Khublei Shibun and Jai Hind.

**(A.T. Sangma, IPS)**  
Superintendent of Police  
West Garo Hills District, Tura
